IMPORTANT INFORMATION: For those that fly to or have a layover in the United Kingdom.

Starting January 8, 2025, U.S. citizens traveling to the United Kingdom for short visits, tourism, or business, **including those just passing through UK airports**, will need an Electronic Travel Authorization (ETA) if they do not have a UK visa or legal residency in the UK or the Republic of Ireland. This requirement applies to all parts of the UK, including Northern Ireland. The ETA is similar to the U.S. ESTA system and acts as a pre-clearance for travel. This change is part of the UK’s move towards a digital border system.

All travelers staying in or transiting (i.e., layover) through the U.K. must now have the UK ETA. We are sending this information to all of our guests with tours scheduled in either 2025 or 2026. Even if you are not traveling to the United Kingdom but have a different trip scheduled through Fun For Less Tours, we recommend checking your international airfare to see if you have a layover in the UK. If you have booked your airfare through Fun For Less Tours, we will notify you if you have a layover and need a UK ETA. However, if you have booked your own airfare you are responsible to check your flights and determine if you will need the UK ETA.

An Electronic Travel Authorization (ETA):

- May take up to three working days to process.
- Costs £10 (\$12.75).
- Is required for travelers of all ages.
- Is valid for two years or the remaining period of validity on a passport, whichever is shorter.
- Does not require travel details.
